Dedication

Mr. Mario Moriello

In September of the 68-69 school year, a man with great abilities was brought to us. He promoted the school and its name towards a position of renown for its athletes and team!

He started Southeastern's great football team off with a winning season. By coaching and directing most of the major sports, he not only gave the students of Southeastern Regional Vocational Technical High School something to be proud of, but also a winning team with tremendous spirit!

We the Senior Class of 1970 hereby dedicate the SERVS yearbook of 1970 to Mr. M. Moriello.

We the Seniors of 1970 would like to thank the teachers for all of their undivided attention during classes, also for their daily assignments, for letting us skip class, chew gum during class, our straight A's, letting us walk all over them, and last of all Detention!!

It's so hard to say what we want to – except thanks for your cooperation during the outside activities and letting us out of class in order to attend. Without the teachers we wouldn't have received our diplomas.

So, what's it all about Millie?

Gee, I lost ten thousand on the stock market today.

Only my hairdresser knows for sure.

Stop grabbing my knee!
